NATURAL

01

SLATE STONE

This attractive paving stone — with its relatively smooth surface, geological banding, slightly rounded edge, refined grain and textured top — is reminiscent of the look and feel of a natural-cut flagstone. Slate Stone is a superb selection for driveways, walkways, patios and outdoor rooms.

Stocked Colors:

Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

Slate Stone (distressed)

Left: Sand-Stone-Mocha Slate Stone installed in a random ashlar pattern. Pool coping is Sand-Stone-Mocha Estate Cobble II (tumbled). Above: Sand-Stone-Mocha Slate Stone installed in a random ashlar pattern.

ESTATE COBBLE I & II

This four stone combination is a tumbled stone that can be laid in an Ashlar pattern. Estate Cobble's wavy textured top, tumbled finish and larger size creates a beautiful and natural look. Its weathered surface and casual informality creates a quiet sophistication and is the perfect enhancement for your outdoor space.

Stocked Colors:

Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

Estate Cobble I (tumbled)

3 Stone Package

4.70" x 9.40", 9.40" x 9.40", 14.20" x 9.40"

Estate Cobble II (tumbled)

14.20" x 14.20"

PAVILION I & II

Warm textures, unique colors and large paving stones are the hallmark of the new Pavilion Stone. The rich surface of the Pavilion has the appearance of a large natural flagstone with all the benefits of high-strength manufactured concrete. Available in all new colors ranging from a color reminiscent of natural Bluestone to rich earth tones, the Pavilion is designed to enhance your outdoor living space. Ideal for entryways, walkways, backyard patios, pool decks and outdoor entertainment areas.

Note: due to its large format, this paver is not intended for vehicular use.

Stocked Colors:

Adobe-Copper-Mocha • Dark Gray-Copper-Charcoal • Dark Gray-Pewter-Charcoal • Sand-Copper-Stone

Pavilion I

3 Stone Package
23.62" x 15.75" , 15.75" x 15.75",
7.87" x 15.75"

Pavilion II

23.62" x 23.62"

Border is Mocha Slate Stone 6x9 installed in a soldier course.

HEARTLAND PAVER

Heartland Paver's single overall shape features four joint patterns to create the appearance of thirteen different sizes of natural-cut stone. The paver's textured top, wide joints and non-chamfered edges produce a variety of intricate designs. Their smooth, natural look adds depth and beauty to any outdoor space and they are durable and easy to install.

Note: Polymeric sand is required to ensure long-term performance of the pavement.

Stocked Colors:

Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

Above: Cream-Brown-Charcoal Heartland Paver installed in a random ashlar pattern. Step is solid Mocha Bullnose coping. The border and edger is solid mocha Slate Stone 'B' 6x9 (distressed). The edger was field-split to achieve the top texture.

Left and Above: Gray-Moss-Charcoal Heartland Paver installed in a random ashlar pattern. Border is Gray-Charcoal 6x12 installed in a soldier course.

SLATON™ RANDOM

The Slaton™ Random paving stone evokes the feel of natural flagstone in a high quality, low maintenance concrete paver. With its irregular outline and warmly textured top, the Slaton is ideal for patios, walkways and driveways where a natural stone appearance is desired.

Note: Polymeric sand is required to ensure long-term performance of the pavement.

Stocked Colors:

Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

Left and Above: Gray-Moss-Charcoal Slaton™ Random Pavers installed in a random ashlar pattern. The border/step is solid Charcoal Bullnose.

CASTLE COBBLE I & II

Castle Cobble's shape accommodates installation in a random ashlar pattern and its texture mimics the surface quality of natural cobblestone with its softened edge. The visible charm of Castle Cobble adds rustic beauty, depth and character for all residential, commercial or institutional projects.

Stocked Colors:

Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

Castle Cobble I (distressed)

Border is Sand-Stone-Mocha Castle Cobble I installed in a random runner pattern.

TRADITIONAL 02

Above and Right: Dark Gray-Pewter-Charcoal Aqualina Pavers installed in a random runner pattern.

COURTYARD STONE

Available in both a standard and a tumbled texture, Courtyard Stone has the classic, indispensable look that offers a timeless appearance. Tumbled, it can add the depth and warmth reminiscent of a timeworn, cobbled pavement while the standard texture is classic and clean. Courtyard Stone accommodates any architectural style and is an appealing paving stone in both large and small spaces.

Stocked Colors:

Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

* Available in standard and tumbled textures

HOLLAND

This rectangular, brick-sized stone, with its traditional flat top and defined, chamfered edges is available in standard or tumbled texture. Holland's utilitarian shape, straight lines and wide choice of colors creates unlimited design possibilities. One of the original paver shapes; Holland's classic, timeless look accentuates any outdoor living space.

AQUALINA

The clean lines of the Aqualina paver are a welcome addition to the Angelus Paving Stones' product line. Two different widths and four different lengths combine to create a modular look that adds depth and elegance to the hardscape. This paver is 100mm, traffic rated and can be machine laid for maximum installation efficiency. The Aqualina will lend a modern, linear appearance to parking lots, building entryways and commercial plazas.

PASEO I & II

The all new Paseo Paver is perfect for entryways, walkways, backyard patios, pool decks and outdoor entertainment areas. Paseo paving stone's larger footprint, smooth, flat surface and clean lines are designed to transform your backyard paradise. Combine the Paseo I and II for an intricate ashlar pattern, or for a very large look use the 24"x24" Paseo II by itself.

Note: due to its large format, this paver is not intended for vehicular use.

Stocked Colors:

HERITAGE 03

ANTIQUE COBBLE I & II

This popular, medium-sized paver is an all-purpose paving stone. Its soft, rounded chamfer "bread loaf" top surface is a respectful replica of old-world cobblestones. Both standard and tumbled textures are exceptional choices for entryways, driveways, patios and pools.

Stocked Colors:

Brown • Charcoal • Cream • Gray
 Mocha • Moss • Red • Stone • TerraCotta
 Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal
 Gray-Moss-Charcoal • Red-Brown-Charcoal
 Sand-Stone-Mocha • Tuscan

* Available in standard and tumbled textures

GEOMETRIC

04

BISHOPS HAT

This five-sided paver's heritage recalls Italian stones in the shape of a Bishop's mitre. Bishop's Hat's unique shape creates large-scale parquets when used with an 8" x 8" square paver and its clean lines and strong angles can be used to create stunning arrangements that add style and grace to any project.

Stocked Colors:
 Cream-TerraCotta-Brown
 Cream-Brown-Charcoal • Gray-Charcoal
 Sand-Stone-Mocha

SYMETRY®

Symetry's® unique shape accommodates a wide range of installed patterns making it a distinguished and versatile paver. Symetry® can be installed by itself or with 6" x 6" squares creating dozens of possible layout combinations from classical patterns, intricate and ornate patterns, or simple and balanced patterns.

Stocked Colors:

Cream-Brown-Charcoal • Cream-TerraCotta-Brown • Gray-Charcoal
 Sand-Stone-Mocha • Red-Brown-Charcoal

ENVIRONMENTAL

05

SF RIMA™

SF Rima™ is a permeable paving stone that allows stormwater to percolate back into the ground rather than run off the surface. This infiltration can regenerate valuable groundwater tables, control erosion and improve stormwater runoff quality. It also reduces the amount of runoff flowing into stormwater systems. SF Rima™ pavements are eligible for LEED credits under the U.S. and Canadian Green Building Council guidelines.

Stocked Color:
Gray

SF Rima™
8.20" x 8.20" x 80mm

Above: Solid Gray SF Rima™ installed in a stack bond pattern. Sand-Stone-Mocha SF Rima™ installed in a stack bond pattern.

Left and Above: Sand-Stone-Mocha SF Rima™ installed in a stack bond pattern.

TURFSTONE

Turfstone's grid pattern allows grass to grow while protecting the root system from compaction by vehicular traffic. It is ideal for greenbelts that require occasional vehicle use such as overflow parking and fire access lanes. Turfstone pavements with established grass reduces stormwater runoff and lowers the reflected temperatures associated with impenetrable surfaces.

Stocked Color:
Gray

Turfstone
15.60" x 23.50" x 80mm

Left: The grass has completely grown over the Turfstone to create a surface strong enough for vehicular use. **Above:** This Gray Turfstone is filled with artificial turf for a greenbelt appearance where reduced maintenance and water use is desired.

Detail (above): Full grass growth has covered the Turfstone creating a strong surface for vehicles while protecting the grass roots.

PERMEABLE AQUALINA

The new permeable Aqualina paver offers the same contemporary lines of the standard Aqualina paver, with the added benefit of permeability. This paver is 100mm, traffic rated and can be machine laid for maximum installation efficiency. The Permeable Aqualina is perfect for parking lots and traffic areas where reduced stormwater runoff is desired. The 3/8" gap in between the stones allow excellent permeability while meeting ADA requirements.

Stocked Color:
Dark Gray-Pewter-Charcoal

Permeable Aqualina

8 Stone Package

3.38 x 9.45", 3.38" x 11", 3.38" x 12.6",
3.38" x 14.18", 4.5" x 9.45", 4.5" x 11",
4.5" x 12.6", 4.5" x 14.18"

Left: Dark Gray-Pewter-Charcoal Permeable Aqualina installed in a random runner pattern. Above: Dark Gray-Pewter-Charcoal Permeable Aqualina installed in a random runner pattern. Permeable pavers are installed over open-graded base and with rock chips in the paver joints instead of sand to allow water to flow into the base underneath the pavers.

PERMEABLE HOLLAND

Permeable Holland mimics the popular shape of Angelus' Holland paving stone and is available in either a standard or tumbled texture. This paving stone combines the versatility of a traditional paver with the sustainable design benefits of a permeable paving system. Permeable Holland is ADA compliant and can withstand runoff from any rainstorm.

Stocked Color:
Gray-Moss-Charcoal

Permeable Holland
3.93" x 7.87" x 80mm

Above: Sand-Stone-Mocha Permeable Holland installed in a herringbone pattern.

DECORATIVE WALLS

06

RUSTIC WALL STONE

For decorative, free-standing walls, Rustic Wall Stone's tumbled texture and natural stone appearance creates unlimited possibilities for seating walls, barbecue enclosures, bar tables, steps, columns, water features, garden walls, lawn edgers and more. Its uniform shape makes installation manageable and maintenance is essentially unnecessary.

Stocked Colors:

Cream-Brown-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

TANGO™ PROJECT BLOCK

The new Tango™ Project Block is the latest addition to the Angelus Decorative Wall product line. The innovative design makes for an extremely versatile, easy to install wall block. Freestanding walls up to 2', battered retaining walls up to 2', vertical retaining walls up to 1'4" (excluding cap course), planters up to 1'4" (excluding cap course), columns up to 3' and edgers are all easily achieved with a minimum of cutting, assuring a quick and easy installation. The split-one-side-one-end design means corners and columns are no problem. And the unique angled tail adds the stability and a secure fit of a dove-tailed joint when used in freestanding wall applications.

Stocked Colors:
 Cream-Brown-Charcoal • Gray-Moss-Charcoal • Sand-Stone-Mocha • Tuscan

PLANTER WALL

The Angelus Planter Wall is a durable, easy-to-install unit that provides versatility as well as beauty. It is lightweight and easy to handle. No special tools are required. Its secure, interlocking design makes installation easy. Plus, Angelus Planter Walls enable you to build straight, curved or terraced walls to fit the contours of your yard. They're made of high-strength, low-absorption concrete to provide permanent, environmentally safe walls that are virtually maintenance free.
